LIBRARY REPORT.

The library has been well patronized this year. Sixty-eight new books have been added, a list of which is printed below.

The Trustees wish to acknowledge with thanks the gift of a unique and valuable map from Mr. William Chase, of East Hampstead, which has been framed and placed in the library building. Made by Isaac Marshall.

The following letters will explain themselves :

WINCHESTER, MASS., Nov. 17, 1903.

To the Trustees of the Public Library, Hampstead, N. H.

GENTLEMEN : For sometime past I understand the trustees and the citizens generally have desired that my father's picture be placed in the library.

It is now fifteen years since he began to carry out his plan, and made his first gift for the purchase of books.

He wished to do something for the town that should be of permanent benefit to all its citizens, and especially desired to give the young people the broader outlook, and the inspiration that comes from acquaintance with good books.

He felt it would be a means of education and a helpful influence for those who cared to avail themselves of its opportunities.

From his continued interest and the action of the town came the attractive library building some eight years later.

As you know, he modestly declined your request to have his picture placed in the library during his life time.

Now that he has gone, your chairman has suggested that it is especially fitting to place on the wall of the library the picture of its founder.

I am glad to pay this tribute of respect to my honored father, and to present to the town of Hampstead his portrait to be hung in the public library.

Sincerely yours,

HENRY C. ORDWAY.

HAMPSTEAD, Dec. 18, 1903.

MR. HENRY ORDWAY:

Dear Sir: The trustees of the Hampstead Public Library, in behalf of the people of Hampstead, wish to thank you for the lifelike and valuable picture of your honored father you have so kindly given to the institution of which he was the founder.

We appreciate fully the value of the gift, as we always have the generosity of the gentleman of which it is the pictured likeness, and hope it will hang on the wall of the library building through many coming years. Thus keeping fresh the memory of the features, as the Trustees will the memory of the generosity of the man who made it a living factor in the educational advancement of the town.

REPORT OF SCHOOL BOARD.

Your board are happy to say that the schools are all in flourishing condition, and that the thirty-five weeks of the financial year have been of steady gain.

Your board has expended the money placed in their hands according to the best of their ability, and their duty to the whole of the town.

The length of the school year and the High school, of which every citizen should be proud, is their answer only to those who may have differed from them as to the wisdom of their course.

The two hundred odd dollars saved by uniting the schools have given every child in town, who chose to avail himself of the chance, four weeks more of school, without seriously discommoding any. In no case have they had any desire to injure individuals or neighborhoods. But have tried to work for the best good of every child in town. The cooler judgment of the future will decide.

Although still believing in one good-sized school rather than two small ones, the board are perfectly willing to leave the matter with the voters of the town, asking only that they be given funds to run the same in a suitable manner.
